SUMMARY

Detail-oriented and analytical Undergraduate Cybersecurity student from BINUS University with a solid foundation in web application security, vulnerability assessment, and system monitoring. Experienced in conducting penetration testing, secure coding practices, and analyzing network telemetry. Proficient in utilizing security tools such as Kali Linux, Burp Suite, and Wireshark, managing Linux environments, and identifying system vulnerabilities.

EDUCATION

BINUS University | Jakarta Barat, Indonesia

Bachelor of Computer Science (Cybersecurity) (2024 - Present)

- **GPA:** (3.78/4.00) [[transcript](#)]
- **Relevant Courses/Studies:** Network Penetration Testing, Mobile Penetration Testing, Software Security, Server & Network Administration, Cyber Law

EXPERIENCE

Swiss German University Cyber Security Lab & SOC | Tangerang, Indonesia (Part-Time)

Support Engineer (Sept 2026 – present)

- Monitor integrated hosts within Zabbix, ensuring reliable data collection, system tracking, and accurate reporting for all monitored VMs.
- Monitored and maintained ISIF honeypot infrastructure, proactively troubleshooting system anomalies to ensure high availability and continuous threat telemetry.
- Maintained technical documentation and changelogs for honeypot deployments, version upgrades, and baseline configurations.
- Compiled and presented weekly and monthly analytical reports and strategic recommendations.

Swiss German University Cyber Security Lab & SOC | Tangerang, Indonesia

Lab Assistant (Jul 2026 - Aug 2026)

- Deployed and configured Zabbix agents across multiple Linux VM servers to continuously monitor network traffic, system performance, and host health metrics.
- Managed and maintained virtualized Linux server environments, resolving operating system issues and misconfigurations to ensure high service availability for lab operations.

Self-Employed | Jakarta, Indonesia (Part-Time)

Programming Private Tutor (Feb 2025 - Jun 2025)

- Mentored entry-level students in foundational C programming, facilitating hands-on debugging sessions and practical coding exercises to strengthen problem-solving skills.

ORGANIZATIONAL EXPERIENCE

BSSC Student Committee @ BINUS Square Hall of Residence | Jakarta, Indonesia

Active Member of Self-Development Division (Jan 2025 - Oct 2025)

- Served as a staff member of the Event & SPK team for BSSC SHINE 2025 "Sharing Love Through Art". Conducted event planning and program coordination, from conceptualizing rundowns to live execution.
- Served as the Secretary for BSSC Art Workshop 2025 "Create Your Own Motive". Managed end-to-end administrative workflows, including official correspondence, meeting minutes, and event documentation.

HONORS, AWARDS & SKILLS

- **Competitions:** [IT Fest CTF 2026](#) (Forensics), [Techtonic CTF 2026](#) (Forensics, OSINT)
- **Certifications:** [Networking Basics \(2026\)](#), [Google AI Professional \(2026\)](#), [Introduction to Cybersecurity \(2026\)](#)
- **Volunteering:** English Teacher (Teach for Indonesia) (2025)
- **Projects:** [Hack the Box - Guardian \(2025\)](#), [Hack the Box - CodePartTwo \(2025\)](#), Play Store App Penetration Testing (2026), Centralized Infrastructure Monitoring with Zabbix (2026)
- **Technical Skills:** Penetration Testing, Monitoring & Reporting, C, PHP, Bash, Python, SQL, Kali Linux, Burp Suite
- **Interpersonal Skills:** Teamwork, Project Planning & Management, Communication
- **Languages:** English (Professional Proficiency), Indonesian (Native)
